PUPPY CLASS

You cannot 'undo' the first 5 months of your puppy's life... These months are the most critical time for shaping your dog's future temperament, character, and behavior habits. If you miss out on socializing your puppy during this period you cannot simply go back and fix the problems later.

Your puppy will experience:

- Socialization to other dogs & people
 - Obedience Training
 - Housebreaking information
 - Exposure to strange sights, sounds, and touches
 - And a million other skills needed to live in a human world
- Classes are 1 hour and 15 minutes long
 - Cost is \$110 for 8 weekly classes
 - New classes start every 8 weeks

Puppy classes are for puppies 5 months and under. If your dog is over 5 months, or close to 5 months and is a giant breed, please sign up for the *Basic Beginner Class*.

BASIC BEGINNER CLASS

I teach the basic obedience commands for AKC's Canine Good Citizen test. I do not use choke collars, pinch collars, shock collars, or heavy corrections.

You are there to TEACH your dog, not force him!

ALL dogs can learn without the use of pain as a motivator.

You will learn to teach your dog:

- Sit
- Down
- Stay
- Come
- Stand
- Heel
- Leave it

You will also get lots of tips for behavior modification.
